

Dear Friends,

What is happening in Bacalar?

It is growing!

And with this growth, perhaps like us you have been reflecting on the necessity to ensure a responsible growth.

The Foundation Emerge Bak'hal, IAP remains with the goals to generate a way of living that is conscious, respectful and healthy, which can benefit all of the present and future inhabitants, and with that in mind we have developed three main projects in which we will focus our full energy this year.

We invite you to learn and contribute your ideas and energy to the following projects:

- 1) **Project “Educative Farm”**: We have one hecter on Ave.3 and a plan to teach alternative technology to generate a solid educational base for gardening, building of composting toilets, wind and solar energy as well as a Pottery school to helping to **generate jobs**.
young persons will participating in dance, music and theater that is focused in content for the preservation of the culture and the ecology.
- 3) **Committee for the protection of the Laguna**- In correlation with the federal authorities and local citizens.

We will also get a preview of a new documentary of Bacalar...by...Metzli Suarez

Your presence and participation is important. Please call or email back with confirmation of your attendance.

Presentation will be held at GAIA Tuesday, February th,9 at 6pm

Tel. 983 83 4 29 63

Con gran alegría,

Fundación Emerge Bak'halal, IAP
